Chairman The Chairman welcomed everyone to the Annual Parish Meeting, explaining that this is an opportunity for residents to speak about any topic they wished.

ICI land Mr Sheppard asked for an update on the former ICI land where unpermitted land raising has taken place. Alderman Peter Tyzack gave an account of current actions being taken, with the objective of working with South Gloucestershire Council to correct the planning mistake they have made. However, if required the Parish Council will look at taking the matter further by legal process.

M49 J1 Mr Edwards asked for an update on the M49 junction 1 completion. South Gloucestershire Council state they have a plan to get the junction finished but are reluctant to tell anyone what it is. This issue is being raised with South Gloucestershire Council at every opportunity. Given the responses to this question for the Neighbourhood Plan there is very strong public feeling that this project must be completed as soon as possible.

With no further business the meeting closed at 7:25pm

Minutes approved at a full Parish Council meeting on May 3rd 2022.
