3.      ACTION/RELATED MATTERS
  - 3 – 1      Severnside Development  
Noted Police have been present during the last 2 weeks, issuing notices and photographing evidence. Warnings have been issued to bikers. Even so, a number of bikers have since been seen ‘performing’ on the ICI wildlife site (SB Nature Reserve)
  - 3 – 2      Village Halls  
DH commented on the request by SB for payment of the ‘field’ precept. Although repairs to the changing facilities are required, field use is prevented unless this problem is dealt with. In addition, the employment of a field caretaker will cost almost £1,000 per annum. The precept will be needed to pay for that. Item 5-11 refers.
  - 3 – 3      Ableton Lane  
AG commented on a report by Alan Irons that Ableton Lane is to be resurfaced this year. Clerk stated that he was not aware of this, although (and this was confirmed by PT), it is not usual for council to be informed.  
Agreed a “No Ball Games” sign be erected on land between Ableton Lane and Prospect Road. Reference correspondence 10251.01 below.
  - 3 – 4      River, Seawall & Environs

7. AGENDA7 – 1 Sevenside Development

Relevant matters were discussed under item 3-1 above.

7 – 2 Village Halls/Playing Fields

Payment of the SB VH ‘field fund’, proposed IH, seconded NC, 5 For, 2 Against (SC, MP), 1 Abst (DH – interest), was agreed. The request for help with internal repair work was also agreed. DH stressed the need to proceed quickly, as reliable lighting is important, particularly during the winter months. Although next year’s precept fund is involved, should the work be completed the bill can be paid next month.

Although no member of the ‘skateboard group’ had attended the meeting, AG expressed his sympathies with the plight of local youngsters. Facilities for teenagers are non-existent. AG proposed that facilities should be provided. SC asked for indoor facilities to be included. Although some members drew attention to the provision of a hard surface at Pilning (little used as those involved were no longer active ‘boarders’), it was felt that provision possibilities should be looked into. AG is to investigate.

### 7 – 3 Parish Plan

Clerk informed members that CW had now received the £3,000 funding promised by Richard Snelling. Efforts are currently being made to progress matters by setting up a committee, including non-council members.

### 7 – 4 Liaison with Other Parishes

Following the meeting with Almondsbury PC, IH distributed copies of the notes from that meeting.

### 7 – 5 Severn Beach Railway

On receipt of item 10287.37 above, Clerk emailed all persons listed explaining this council's support for the line. Item 10288.38 (the response from Kerry McCarthy MP) confirms the newspaper reports that Bristol City Council has cut its annual subsidy from £134,000 to a mere £2,000.

### 7 – 6 Village Matters

**Redwick Road/New Passage** – FT asserted the urgent need for planting, to mask the new fencing erected at the Rifle Range.

**River, Seawall & Environs** – AG drew attention to the damaged concrete seat bases on parish council land at the sea wall gardens. IH is to arrange for removal.

(Reference corres 10331.81 above) DH complimented the contractors moving the electricity cables outside SB shops. Every effort is being made to minimise inconvenience to local residents. PT stated that the SB regeneration fund is paying for trenching and refilling. The electricity company is paying for the cable work.

**Footpaths** – AG reported that work had commenced on clearance of the footpath to the rear of SB School. AG asked that the Clerk should provide catalogues listing signs. This is in respect of the recent decision to name some of the local footpaths.

**Ableton Lane** – AG asked for clarification on which body is responsible for litter clearance on the grassed area to the front of SB School. Clerk to write to Alan Irons.

**Cross Hands Road** – MH reported that conifers, planted illegally at Cranmoor Green, had now been removed, although the fence still remains.

**Sevenside Development** – IH reported that light pollution at Enron is a great problem for motorists. Agreed this should be reported to the authorities.

### 7 – 7 Reports

**SEVERN BEACH NATURE RESERVE** – PT informed members that plans for the reserve are underway. Section 106 funding is to be used, and a local residents group is to be set up.

**FOOTPATHS** – PT reported that monthly walks are continuing. Most recently 18 people attended, and should this upward trend continue PT and EN will be able to organise 'double' walks, catering for both casual and 'professional' walkers.

**SCHOOLS** – PT advised that the Agenda was covered last week and public meetings will be organised soon. He stressed that SB will see no change. Pilning and R&N are the schools likely to be subjected to some form of change.

**CYCLEWAY** – PT noted the 'wrong' slant in the current proposals. We are being informed of what is intended, rather than being asked what we would like.

7 – 7 Reports (cont)

GREEN BELT – IH to attend the briefing session on 7<sup>th</sup> March at Thornbury Leisure Centre. PT stressed the importance of this programme, and he is urging the extension of the Green Belt to include SB. PT urged the parish council to write, supporting this view.
