

Cllr. Ian S Roberts

I have lived in Parish for 20 years in total, my first five years of life and the last fifteen in Northwick. My wife, Jackie and I have twin girls.

I work in the construction industry and have done for the last thirty-seven years with many projects in Gloucestershire, Somerset and Bristol.

My hobbies revolve around sport and nature. I played rugby at Thornbury, cricket at Old Down, boule at Oldbury and skittles in Thornbury and at Redwick for Swanmoor (a long time ago now). I love watching or taking photos of the wading birds on the estuary and try to champion the environment and its protection as much as I can.

I joined the Pilning Village Hall Committee to try and help out when they were struggling for numbers (they still are if anyone is willing to volunteer) and the Parish Council when they were also short of numbers to put forward the environmental argument on developments in Severnside and the Flood Defence scheme.
