#### APPENDIX C – Report from Cemetery Committee Meeting – 18<sup>th</sup> September 2016

Pilning and Severn Beach Parish Council  
Report of Cemetery Committee Meeting 18th August 2016

# **Pilning & Severn Beach Parish Council**

## **Meeting held on Monday 5<sup>th</sup> September 2016 at 7.00pm**

### **At Severn Beach School, Severn Beach**

Present :Frances, Carol, Sue

#### **Pilning Cemetery**

First impressions of the old cemetery were good. Grass has recently been cut though strimming still needs to be done. The clods of turf that were left when new path was laid have been removed and new paths contribute to making the cemetery look tidy. There are a few issues that need to be addressed.

- 9 of the older graves need some attention, one that of Patricia Hampson needs to be topped and turfed. 8 that are crumbling, broken and full of weeds need topping with gravel or similar these are:-

13 Smith

19 Lock

22 Lewis

30 Britton

56 Peters

151 Ball

154 Lindsay

185 Chapman

An estimate as to how much it would cost for each grave needs to be sourced so that the cost can be budgeted for.

- The gates and railings are on a list to be painted. Can we check this, who has the list, has the person due to do it been instructed and by whom?

- Some general tidying by the bin area. Some concrete and bags of rubble. Old metal mesh bin broken and useless though people are putting flowers and paper in it rather than sorting. This bin needs to be disposed of. As do the 2 concrete bench ends that are just inside main gate. Who will do this?

- A conifer tree is growing out of a grave; Frances will contact the family to remove it. 286 Griffin

- We need a copy of the contract for the cemetery gardener to check what he is contracted to do. (Especially before Victoria leaves!)

#### **New Cemetery**

The grass has been cut here but the grass cuttings are all over the grass, gravestones and path. Should the gardener keep a box on the mower to collect the cuttings? If he does where does he dispose of them now the fence has been built?

The five graves at the top end next to the allotment need to be turfed. It was expected that this would have been done. It may be that the gardener is waiting for a better time for turf to be put down, maybe the end of September. This needs to be checked. There is one grave at the opposite end that also needs to be turfed. Snell.

On leaving the cemetery the path raised a few concerns. The path is from Bank Road to Cross Hands Road. Is it the responsibility of the Parish or South Glos? As this is now a South Glos recommended walk to school perhaps we could contact the council?

A tree in the cemetery has roots that are now pushing up part of the tarmac on the path. It is suggested that a white line should be painted to highlight the danger. If this is agreed who will do it?

Also where the path crosses Chessell Pill the tarmac is dangerous at the Bank Road end of the bridge. Who is responsible for this? Who is responsible for getting rid of the weeds both sides of the path?

#### **Northwick Cemetery**

Northwick Cemetery is looking good. Today Les Liddiatt was cutting back the trees and overhanging branches.

Frances has offered to find the key for the Northwick Tower.
