

PILNING & SEVERN BEACH

NEIGHBOURHOOD PLAN STEERING GROUP NEWSLETTER MAY 2021

Who we are

The NP Steering Group are:

Chair - Olga Taylor

Deputy Chair - Richard Edwards

Clerk - Jonathan Edwards

Members - Gary Sheppard, Heather Rickards, Ian S Roberts, Jacqs Graham, Julia Edwards, John Miller, Peter Tyzack

What do we do?

We write a plan! By working with each other, our residents and the Local Authority we determine the medium to long-term priorities for our Parish.

How to get involved

Contact us via plan@pilningsevernbeach-pc.gov.uk

We will be asking you for your views *and* carrying out a residents' survey over the coming months

Our next meeting is 17 May (online)

Our Neighbourhood Plan (NP) will set out the vision for our parish and for the use and development of land within our area. It provides an opportunity for our community to influence planning within our area. Pilning and Severn Beach Parish Council are very pleased that members of our community have shared their ideas and energy to form a Steering Group to develop the Neighbourhood Plan for our area. This will give our community the power to shape *our* vision for the future of *our* area. This covers housing, shops, workplaces, transport and community facilities.

It's an exciting project and we're all looking forward to developing a visionary plan for **Pilning & Severn Beach**.

So far we have completed the following actions:

- Formed an agreement with South Gloucestershire Local Authority which gives us the authority to go ahead and develop our plan.
- Met with the South Gloucestershire Council representative who has given us invaluable guidance
- Developed our project plan to identify a timetable, resources and budget. Our plan will outline how we will engage with our community. You can read it here: <https://www.psbpc.co.uk/neighbourhood-plan>
- We're working on our first grant application
- Created a dedicated Neighbourhood Plan area on the Pilning & Severn Beach Parish Council website. You can find it here: <https://www.psbpc.co.uk/neighbourhood-plan>
