Next meeting 19<sup>th</sup> April

## Shaping the future of our local area

**An opportunity for residents to influence planning policy including:**

How many new homes and where to build them

Areas for parking, transport, cycle ways and footpaths

Space for retail, office and community buildings

What new buildings should look like

Protecting and increasing green and recreation spaces

## News:

### Neighbourhood Plan Open Evening:

We thank everyone that came to the Emmaus Church on 22<sup>nd</sup> March, for your interest and feedback on the initial results of the public survey. The results will undergo some further assessment and checks by experts in the field, prior to being used to formulate the aims and objectives for the neighbourhood plan.

### New Steering Group Members:

We welcome Mike Harrison and Nick Davies as new members to the Steering Group and look forward to their contribution to the team's work. We still have room to accommodate a few more members if you would like to join us.

### Design Codes and Characterisation Studies

We have received the green light from Locality for them to start the Design Codes study. In parallel with this, we will now need to initiate our own characterisation study of the different areas of the Parish. If you would like to get involved in this, please let us know.

### Survey of Local, Businesses, Organisations & Groups:

Due to the workload in processing the public survey results for the Open Evening, the start of this work has slipped a little. But a reminder; please be proactive and get in contact with us if you fear we have missed you. Your opinions are important and valued.

### Thornbury's Neighbourhood Plan

You may be interested to see that Thornbury's Neighbourhood Plan goes to public referendum on 31<sup>st</sup> March. Worth a look to see the types of issues addressed within.
